

# PARTNER SECTIONS ROADMAP TOOLKIT

## Main Steps to Create an Environmental Roadmap

[CLICK HERE FOR THE COMPLETE TOOLKIT](#)

**A** Brainstorm possible mitigation activities based on CO2 emission calculations

**B** Engage key stakeholders (climate ambassadors, focal points)

**C** Vote on the priority of mitigation activities

**D** Assign roles & responsibilities for each activity

**E** Define targets, metrics & KPIs for each activity

**F** Propose timeline for activities to be implemented

**G** Get your management team's approval

**H** Deploy communication, education & change management activities to promote the roadmap & facilitate its implementation

**I** Monitor & report on the implementation progress
